

Curling at Timmins High, 1990's

Curling Rocks at Timmins High in the 90's

The curling program for boys and girls at Timmins High became an increasingly popular sport under the direction of Mr. Barry Mulrone (left). Using the McIntyre Curling Club for their home ice, teams practiced and participated in a number of bonspiels every year, developing skills and gaining experience in competition. In 1996-1997, the Boys' curling team captured the NEOAA championship and placed second at OFSSA.
